LUNAR TREK NIGHT RUN

SCANDIA, KANSAS
AUGUST 7 | ▲ 2,3

Lunar Trek, a fund-raiser for the Pike Valley Cross Country Team, is a little gem of a nighttime run across the rolling plains and under the wide, starry skies of rural north-central Kansas. With a choice of three ultras - 50-km, 40-mile and 100-km - I ran the 100-km.

It was wonderful - cool night running; a sky so vast even the nearly full moon couldn't outshine all the stars and planets; air smelling of ripe corn and new-mown hay.

My favorite? Aid station two, at miles ten and 30, staffed by the Pike Valley Girls' Cross Country Team. At mile ten, they looked like movie stars, had the energy of cheerleaders and best of all, were fellow runners!

They doted on me like I was Scott Jurek instead of next-to-last Gary, old-enough-to-be-their-Grandpa. I ran the 10-to-30-mile stretch faster than any other in that race.

"Gary, where have you been? We missed you!" they shouted as I tottered in at mile 30.

No wonder there are so few DNFs at Lunar Trek.
